

DARE to be FREE

*“massive benefit - ridiculously productive - amazing”
What I've been trying to do for years is now possible!
Stephanie, NH*

I now believe in possibility.

Dare to be Free is an exploration into what it means to live as your authentic self without apology. It is a highly experiential workshop designed to take you deep down inside yourself so that you can emerge with greater clarity and choices in life. Participants describe **Dare to be Free** as a transformative experience.

One of the greatest results is that you will be able to recover more quickly when hit with life's many challenges. That alone is worth the time you will invest in this experience.

Dare to be Free has been developed in conjunction with L.A. Redding of the Coaches Training Institute and is currently being offered in several locations throughout the country (visit www.inspireleaders.org).

Be unstoppable.

Trust yourself.

Live without fear.

Live in integrity.

Live with grace.

Feel strong.

“ This is not like attending a class where you learn intellectual information, it is experiential learning, meaning you experience the learning in your body and not just in your head. ”

“ I have a broader and evolving awareness of how I have organized my life, my beliefs, decided even how I would feel or not feel about things, and especially how I have subtly and even unconsciously been judging myself. It has been eye-opening, eyebrow raising and ah-ha-ish - all that good stuff - and that was just part of the morning on Day 1. ”

A percentage of the proceeds of this event will be donated to the Leadership Foundation.
